

ASSEMBLY BILL

No. 374

Introduced by Assembly Member Bermudez

February 11, 2005

An act to amend Section 60327.1 of the Water Code, relating to water.

LEGISLATIVE COUNSEL'S DIGEST

AB 374, as introduced, Bermudez. Water replenishment districts: water replenishment assessment.

Existing law, the Water Replenishment District Act, requires a producer to pay a water replenishment assessment computed by multiplying the groundwater production by the replenishment assessment rate.

This bill would make a technical, nonsubstantive change to that provision.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 60327.1 of the Water Code is amended
- 2 to read:
- 3 60327.1. Notwithstanding Section 60327, each producer shall
- 4 pay the Water Replenishment District of Southern California a
- 5 replenishment assessment, imposed pursuant to this act, in
- 6 monthly installments *that are* due on the last day for filing the
- 7 groundwater production statement required by Section 60326.1.
- 8 The assessment amount shall be computed by multiplying the
- 9 facility's stated groundwater production, measured in acre-feet,

- 1 by the replenishment assessment rate imposed by the district
- 2 board for the fiscal year in which the production occurs.
